

Large Spelter Porte Torchère.

1 000 EUR

Period : 20th century

Condition : Très bon état

Material : Gilt bronze

Diameter : 27

Height : 110

Description

Large spelter subject representing a soldier or a large and helmeted battleship, from the medieval period. He brandished with his left arm a flare which received a light. It also presents remnants of electrification. Brown patina and good condition apart from one of the long-missing quillons of the sword.
