Description

Very beautiful Indochinese showcase in solid rosewood. Trapezoidal in shape, it opens onto a large glass door and a solid door. The lower panels are carved with scenes from everyday life, with landscapes and characters carved in relief. Pediment with dragons clashing on the front and phoenixes on the sides. The locks work, one key for both doors. Good general condition, some re-gluing in the wood and openwork wooden frieze missing on the right part of the glass door. To pick up preferably on site at my warehouse in Limoges, possible delivery by carrier on pallet and wooden crate, 300 euros in France, 800 euros in the EU and 1500 euros rest of the world.
