

Baoulé Monkey Fetish Statuette - Ivory Coast

2 200 EUR

Period : 20th century

Condition : Très bon état

Length : 15cm

Width : 15cm

Height : 49cm

Description

The posture of this type of fetish is traditional, carrying his offering tray which he proudly presents to us. This is Gbékré, the genius monkey that is placed at the edge of the fields so that this kind of fetishes ward off harmful spirits. His patina is crusty and completely covers the loincloth he wears. Finally, we can appreciate the traces of the offerings that the fetish has been able to accommodate over many years.
