Description

Sculpture composed of two busts in the antique style, man and woman, intertwined and connected by a set of amethysts. Interesting unique artistic creation, apparently unsigned, entirely in the neo-classical spirit interpreted in the style of Alain Mandon or Igor Mitoraj. This large artistic work, h 63 cm, uses a copper composite alloy as well as an assembly of amethysts, all on an onyx base. Very nice decorative effect. Delivery possible in France and worldwide.
