Description

Oval Venetian mirror with pediment in the LXV style from the 50s, with a frame made up of added elements, held with flower-shaped glass mountings. Each element is engraved with garlands of stylized flowers and leaves on its reverse. The edges are notched in the mass of the crystal, emphasizing the shape of the wavy pieces and increasing the sparkle of the mirror in the light and the decorative aspect of the mirror. Mirror in good general condition, some bites from very little visible seniority.
