Description

Terracotta bust representing a woman with a youthful face and fine features. She is wearing a generous hat, with supple sides folded down by the presence of a wide ribbon tied under her chin. This twisted capeline suggests a curly fringe and long hair in movements falling on the neck of the young child. A high-necked bodice covers the neckline and shoulders of this angelic-looking character. This bust rests on a molded pedestal, also in terracotta. The artist, A. Blanc, who affixed his signature to the back of his work, offers us, with this sculpture, an appreciable parenthesis of sweetness and innocence. *****
