

Portrait Of Paul Emile Louis Abellard (1824-1913)

1 550 EUR

Period : 19th century

Condition : Bon état

Material : Oil painting

Width : 55 cm

Height : 74 cm

Description

Beautiful profile portrait of Paul Emile Louis Abellard (1824-1913) by an artist whose name on the back is illegible. The way he poses suggests he's a public figure, député? senator? The quality of the painting is magnificent: there is an astonishing match between the complexion of the man, the background and the frame. The solid oak and gold frame is period. Frame width: 14 cm
