### Description

Spencer Model 1865 Cal .52 RF Barrel: 51cm  
Overall length: 94.5cm Weight: 3.75kg Lever  
action rifle, .52 caliber rimfire (13mm at the  
muzzle) in very good condition, original walnut  
stock with two trader markings left side 'EAW' &  
'DAP'. Wood with wear and with a crack towards  
the butt plate. Interior of mirror barrel with deep  
scratches, light corrosions are present. Lack of  
finish on the exterior surfaces of the rifle and  
presence of slight oxidation. The exterior surface  
is still smooth despite the oxidation stains (no  
exterior pitting). The top of the breech  
'SPENCER REPEATING RIFLE CO. BOSTON  
MASS PAT'D MARCH 6 1860'. Rifle complete  
with saddle ring, adjustable rear sight and its  
removable tubular magazine which is housed in  
the stock. A manual safety that locks the under

guard lever is present. Perfect functioning,  
hammer without play and firm springs, smooth  
underguard lever system. The Spencer is the first  
personal long gun officially adopted and  
mass-produced by an industrialized nation. This  
copy was most likely used during the  
Franco-Russian war. Ref S4795
