

Tatham & Egg Officer's Pistol In Cal. 16

5 499 EUR

Signature : Tatham & Egg

Period : 18th century

Condition : Très bon état

Description

Beautiful officer's pistol by one of the great English manufacturers of the time, Tatham & Egg. The pistol is equipped with a 24 cm round damascus barrel with platinum blade front sight, manufacturer's mark in gold at the breach, a golden line in front of the rear sight, beautiful discreet engraving on the hammer, complete walnut stock with escutcheon in silver with the owners' armorial, two sets of bolted escutcheons under the barrel, horn end piece, lock signed Tatham and Egg' with perfect operation of the two notches, very heavy silver engraving on the end of the stock in relief with gun racks. Of the highest quality and condition with excellent bore and action. A better officer's pistol would be very hard to find and by one of the best makers in London. 39cm in total. Ref S331
