## Description

This bust of a lady with braided hair in bronze with a brown patina reveals a fine face, tilted to the side. The delicacy of her pause, her eyes tenderly lowered, her mouth slightly ajar, suggest the stature of a goddess, in a moment of pleasure. Her chest, slightly revealed, is surrounded by a garland of flowers and foliage. This romantic representation rests on a pedestal with a square base. Tender and sensual, this delicate work gives thanks to feminine beauty.
