### Description

Very beautiful ornamental or fruit cup, openwork and shuttle-shaped in Paris porcelain, France, 19th century, Empire period. Beautiful gilding in burnished gold with agate (polished) and fine decoration painted in gold with palm leaves. Beautiful large piece, very decorative. Ideal for displaying fruit on a dining room table or adorning a fireplace or chest of drawers in addition to candle holders or to form a complete garnish. Our cut is in very good condition, very fresh gilding almost without wear. No accident to openwork parts. A small discreet chip at an angle of the terrace. Height: 28cm Length: 38cm
