### Description

Charming multi-layered glass vase with a wide circular neck with a finely cleared rotating decoration with caramel-treated virgin vine acid on a satin salmon pink background. The entire Art Nouveau repertoire is implemented with these branches laden with leaves and many berries. A beautiful finesse of the carving, the veins of the leaves, in relief for some, in intaglio for others. The interior of the vase is shiny caramel color by polishing. Signature "Gallé" in cameo on the belly. A superb and rare color contrast!
