Description

Charming Small Table in solid Walnut on all sides, designed in 1920, which can also be used as a desk. Its Rectangular-shaped top consists of a Solid Wood Tray, with an entourage assembled with Tabs and Molded Bec de Corbin on its Perimeter. This Vintage Cabinet opens in a Belt with a single drawer, despite a facade that simulates two. Indeed, the latter presents two Bronze Rings, as well as molded strips forming two frames. The set rests on an Elegantly Crafted base, composed of four legs embellished with Grooves and Finely Turned in Spindle, in the Louis XVI style. These are connected at their bases by a Spacer with the same attributes, topped, in its center, with an important Sculpted Decoration. Each bottom of the foot ends in a spinning top shape.
