

Portrait In Oval Medallion

300 EUR

Period : 18th century

Condition : Très bon état

Material : Water color

Length : 4,7 cm

Width : 3,8 cm

Description

We present this interesting oval medallion portrait in a brass frame with remnants of gilding. It represents a young girl in a lace cap, from the 18th century, probably painted on ivory (we have not unframed it). Behind a glass is placed on a fabric a lock of hair of this young girl and probably her initials. (E)
