

Large Virgin And Child In Walnut Flanders XVII

950 EUR

Period : 17th century

Condition : En l'état

Material : Walnut

Height : vierge 50cm total 79 cm

Description

Large Virgin and Child of Flanders from the 17th century. Superb work of the drape and the face, missing the hands and wear of the children Jesus. The patina of the virgin is superb which gives it a lot of elegance. The set presented on a marble base is very decorative.
