Description

Pair of trunks from the great Parisian manufacturer Innovation These "cabin" format trunks, made in the 1940s, are entirely in wood covered with green leather fabric, with metal reinforcements and frames and a leather handle. , a storage bin, a retaining strap and two metal hanger supports. We find on one of the sides, the manufacturer's plate "Innovation". They are in very good general condition, both inside and outside. One has quite a bit of wear and tear, the other is like new. The plus is to have a pair (they still have some slight differences in the locks) The keys are unfortunately no longer present The price is given for THE PAIR Dimensions: - Length: 76 cm - Width: 48 cm - Depth: 24 cm Weight: 5.7 kg each Shipping possible in France and worldwide Free delivery within a radius of
