Description

Type prestigieux in the search bubble to see all our exceptional decorative elements and ask us questions.

Adaptation of three old double French doors for the glazed separation of the two main rooms, architect's commission for the creation of a jewelry store 416 rue du Faubourg Saint-Honoré Paris 8th. Great success of decoration hailed by all.

Ancient materials have talent, our job is to find them everywhere in France and bring them to light. Despite the current context, they do not suffer any price increase although they are unique and remarkably made of noble materials, they are also available without delay!
