"entry Door Grid"

450 EUR

Period : 20th century

Condition : Très bon état

Material : Wrought iron

Description

"Entrance door grille", riveted and blackened wrought iron, 190 X 70.5cm (74 with hinges), approximately 25 to 30 kg. According to our seller, it would come from India, but without certainty. On a rectangular frame, crosspieces support many stylized characters chatting, dancing or grazing horned animals. They are accompanied by other animals and a sun with a human face, all forged with great virtuosity despite the very modern stylization. Ideal for protecting a glazed entrance door or simply as a decorative element. Do not hesitate to ask us for photos or additional information by email or telephone. Other photos and many other objects in our shops in Pau and Biarritz and on our website: galerielhoste.com.
