Description

Very original oil painting on canvas by the artist M.VIAL. Naive and luminous painting of a pretty Provençal square in CASSIS on which is erected the famous fountain of the 4 nations built in 1651 under Louis XIV on this square called at that time "Place Royale" and which became Place de la République. The painter M.VIAL by his tender and original painting transports us to this beautiful region and thus reflects a certain sweetness of life.
