

Woodwork Cabinet - Eighteenth Century

2 850 EUR

Period : 18th century

Condition : Très bon état

Material : Oak

Length : 251cm (pouvant être réduite à 250cm)

Width : 157cm à la plinthe - 164cm avec la corniche

Depth : 42cm

Description

Beautiful woodwork cabinet opening with two nicely molded doors with large protruding moldings on the outside and on the inside with a smaller protruding molding. The doors are fretted and screened in the upper parts. The central cornice has a nice movement, the library rests on a molded plinth. The rounded uprights are also embellished with projecting moldings. The sides are paneled. 18th century period in oak. Usual restorations (baseboards, fences, etc.).
