

Le Petit Casino One Of The Rarest Slot Machines

18 000 EUR

Period : 20th century

Condition : Très bon état

Description

LE PETIT CASINO One of the rarest slot machines..... 2 have just been sold in the auction room in Chartres. The first reached 17,000 euros, the second soared to 23,000 euros. They were complete but it is unlikely that their paint was original (too new) however they were perfectly repainted. Mine does not have its original globe and the body was repainted a long time ago and not very well. Otherwise it is completely original and in working order The replacement of the globe and a very nice paint can be calculated at 2,000 euros
