

Oil On Canvas, Woman And Her Parrot, 19th

1 280 EUR

Period : 19th century

Condition : Bel état

Material : Oil painting

Width : 76

Height : 86

Description

Portrait of an elegant woman in her living room. The artist, unknown, decides to represent the young woman in a moment of joy and intimacy. We see her playing the guitar and singing with her parrot.

The artist's hand is on: look at the details of the dress and the furniture. He is also a very good colorist. The pastel pink of the dress stands out perfectly against the red background of the painting.
