Art Deco Child's Heating Plate

70 EUR

Period : 20th century

Condition : Bon état

Material : Ceramic

Diameter : 20

Height : 4

Description

Children's plate decorated with children's drawings, probably made by a transfer process. The plate has an inner tank that is filled with hot water through the hole blocked by the dog's head in volume. The plate and its contents are thus maintained at a tasting temperature for longer.
