Description

French platinum ring with diamonds

Magnificent French platinum ring. This sublime original ring is topped by a central diamond weighing 0.60 carats set with two brilliant cut diamonds of 0.25 carats each and two brilliant cut diamonds of 0.20 carats. To enhance this ring, sixteen brilliant cut diamonds of 0.05 carats are present. This filigree fabrication representing a flower is beautifully set with extra white rose cut diamonds. The workmanship is very beautiful and very well done, certainly a French jeweler artisan whose master mark we were unable to decipher.

The brilliant cut diamonds have a total weight of 2.3 carats.
