

Leg Prosthesis - Proteor

350 EUR

Period : 20th century

Condition : Très bon état

Height : 81

Description

Leg prosthesis from the 30s/50s from the top of the thigh to the foot. The thigh part is all leather adjustable with 3 tongue straps. It is structured by a chromed metal part that joins the knee joint.

The bottom of the leg is in flesh-colored composition and ends with the foot in the same material covered on the instep and the sole of a leather. Rare object of high curiosity of the brand in perfect condition. (even if it is not intended to be used).
