### Description

Very beautiful Bordelaise chest of drawers in solid walnut. Tomb-shaped, it is strongly curved on the sides and the front. On small snail shell feet, the uprights are sculpted with reserves. The upper part has two concave drawers while the two lower drawers are convex. Very beautiful sculpture of the drawers. Bronzes and original locks (one is missing on a small drawer). Some usual restorations (rear feet). The tray must have been changed in the 19th century, but it is old. Its small dimensions allow it to be installed anywhere. Beautiful piece of furniture in home condition. Louis XV period, mid 18th century. Delivery 250 euros in France, 500 euros in the EU and 1000 euros rest of the world.
