Description
-------------

Charming Louis XVI style armchair in pale yellow lacquered wood with celadon green rechampi. This chair is quite large and comfortable. The seat is in good shape. The structure is sound and solid. Slightly satiny covering fabric with floral decoration in tones matching the woodwork. Discreet halos on the seat (see photos). This seat is in good general condition, however some small lacks of woodwork are to be noted in the sculptures (accidents to the spinning tops and wear at the end of a front foot)
