

Copper Steamer Manufacturing Confectionery Chocolate

1 000 EUR

Signature : Beriveau

Period : 20th century

Condition : Bon état

Width : 90

Height : 105

Depth : 85

Description

Former steam engine intended for the manufacture of chocolate, consisting of a pivoting copper tank on a cast iron base, signed Beriveau. The tank is shaped so as to have on one side a "pouring spout" in order to let the finished product flow out. it is also provided with a removable handle intended to rotate the tank without burning oneself. Beautiful cast iron foot, very heavy and stable. Note a crosspiece replaced by a threaded rod. Great decorative power. Period early 20th century. diameter of the tank: 71 cm
depth of the tank: 43 cm
