Haute Epoque Medallion Sculpture, Gentleman.

950 EUR

Period : 16th century

Condition : Très bon état

Material : Metal

Diameter : 37

Height : 53

Depth : 39

Description

High period carved lead medallion sculpture representing a gentleman of high lineage. Work of very good quality and very expressive bearing a Latin inscription on the edge. Very decorative object which challenges by its rarity, presented on a very old wrought iron support too. We are perhaps in the presence of an element of architecture or woodwork, in any case very interesting for an old interior as well as a modern one. Possibility of sending in France and all over the world.
