

German Percussion Zimmerstutzen Type Reiger In Munchen Cal 4mm

995 EUR

Signature : Reiger In Munchen

Period : 19th century

Condition : Très bon état

Material : Solid wood

Description

Barrel: 66 cm Barrel length from the percussion system: 17 cm Total length: 105 cm Stock: 35 cm German shooting rifle around 1890 of the Zimmerstutzen type. Barrel with sides signed in silver "REIGER in MUNCHEN" on the upper side. 4mm rifled caliber. Very ingenious system with offset percussion. Perfect functioning of the mechanism. The barrel actually measures only 17 cm for the rest it only serves to receive the percussion rod system (absence of the key). Stetcher trigger, carved wooden trigger guard. Short barrel frame in walnut, with checkering and cheek rest. Steel butt plate. Hammer and plate with flat bodies with beautiful engravings. Good work. Rise, front sight and diopter present. Sold with expert report from Saint-Etienne. Ref S4912
