Description

Hello, I offer you this very beautiful and rare console or harness, or column! It consists of a beautiful solid brass structure, an adjustable glass top, a base and a sea marble top. It is of excellent quality, it is very stable, ideal for a gallery , for a hotel or restaurant entrance, for a modern chic house or apartment, etc. I would still point out some chips on the corners of the marble top, which in no way detracts from the aesthetics of the furniture. The dimensions are: Width: 41 cm Depth: 32.5 cm Height: 101 cm This console is available and visible in my shop located at 57 rue Victor Hugo, 76000 Rouen Possibility of sending (ask for a carrier quote) see you soon
