Description

"Corolla" table or desk lamp, designed by the Italian designer Giovanni Grignani and produced by LUCI illuminazione Italia in the 1970s. The structure and the lampshade are made of stainless steel, the base in white enamelled metal. The reflector is mobile and slides on an arched arm, for perfect light adjustment. Simple and pure line, this luminaire is very coherent and of high quality. Publisher's mark under the base (see image). In perfect condition, electricity ok, the switch and the socket are vintage and also in perfect condition.
