Description

Hello, I offer you this pretty religious work of the crucifixion of Jesus Christ. It is an oil on wood panel, poplar, which would date from the end of the 16th century to the beginning of the 17th century. We find Jesus on his cross at the top of Golgotha, with Mary Magdalene kneeling at his feet. The dark background highlights the characters supported by the soft light that illuminates the two protagonists of this painting. There is a small peculiarity and I do not know how to explain it, Christ has his hands behind the cross and not in front!! Note and visible in the photos: Some lack of materials, some very small stains of paint splashed, and a visible crack. This painting is visible in my shop located at 57 rue Victor Hugo, 76000 Rouen Shipping possible
