Description

Female subject sculpture in silver patinated bronze in the Art Nouveau style and period at the end of the 19th century. Very beautiful silver patina in excellent condition for this very elegant work signed Bilitis on the base in the front part. Bilitis was an ancient Greek poetess who lived in the time of Sappho and was known for her beauty. Here the young woman contemplates herself in a mirror in a very well rendered lazy attitude. Possibility of sending in France and all over the world.
