350 EUR

Period : 20th century

Condition : Bon état

Description

Punu (Gabon): "Sculptor with a carved handle", wrought iron, carved wood and braiding of wood, possibly bark, 10 X 3 X 3 cm the visible part of the sculpture not caught in the braiding, total length 49 cm . The iron is rusty and rough on the edge, the shiny white appearance in the photo is due to a specular reflection. Still coming from the estate of our scholar from Pau, the finesse of the sculpture of the character seduced us. Do not hesitate to ask us for photos or additional information by email or telephone.
