Two 19th Century Powder Flasks

200 EUR

Period : 19th century

Condition : Bon état

Material : Copper

Length : poire à pour en cuivre 16 cm, poire à poudre en fer blanc 14 cm.

Description

We present these two powder flasks intended for hunters. One is in copper in perfect condition with exactly the same decoration as another that we have just sold, the difference is that this one never had a ring on the side to hang it and it has a shorter pouring spout. . The second is in tin with the upper part in brass. Good condition. (E23)
