6 500 EUR

Period : 18th century

Condition : 1750-1760

Material : Solid wood

Width : 130 cm

Height : 82 cm

Depth : 62 cm

Description

Very elegant Venetian console in blond solid walnut, from the second half of the 18th century. In the Rococo era, the console took on innumerable shapes, all signed by the unstable lightness of the serpentine line, with en cabriole supports. The console is moved both on the front and on the sides, and is characterized by beautiful floral carvings with an engraved background and flower petal feet. It is an object of the most important Venetian manufacture.
