Description

Exceptional set of complete woodwork from the Art Deco period. The woodwork is in oak veneered with Thuya burl, with its Marquise marble fireplace, its corner units and showcases. This woodwork is probably by Jules Leleu, a great decorator of the Art Deco period. In the same house, we found different pieces, some of which bear his signature. The side plans, including the original ones, are attached. This is an exceptional and rare set, for enthusiasts of this period.Réf : A5934
