### Description

Lacquered metal is used for this professional furniture initially intended for the health professions, dentist, laboratory or doctors. Original by its typical design of the 50s, its showcase function, with the glass shelves opens up other uses for it, we can store all kinds of collections, comic strip figurines, ceramics, minerals, miniature cars, crockery or glassware. The addition of suitable lighting can be studied. The sliding doors allow him to place it even in a small space. The design of this showcase is quite interesting with its rounded corners, its tube handles and the chrome insert of the upper band.
