## Description

Beautiful old metal materials from the end of the 19th century recovered from a large noble facade allowing numerous combinations of reuse in height and width.

For example, in photo1, the installation in the center has 7 elements as originally installed: total height 452 cm width 186 cm, price for the set EUR3100, several sets available

On each side in photo1: two vertical elements superimposed to play on verticality : height 232 + 136 = 268 cm width 93 cm several sets available. Price of these two sets 750 + 600 = 1350 EUR

All the metal elements are in very good condition made from generous 35mm angles which allow
