Description

Rare Pantry Drainer at Support Height, from the Breton Region. This Character Furniture is entirely designed in Solid Chestnut. In the Upper part, it opens with a single leaf door, revealing two Storage Spaces separated by a Mobile shelf, placed on Fixed Cleats. The panel sees its Frame sculpted with Naïve Foliage and its Angles cut in Spandrels, thus drawing Shells. In its center is represented a Face in profile, that of a Breton woman arranged with her Coiffe d'Antan. Below, this Provincial Furniture offers a Drawer, 7 cm deep. Its facade has the same foliage reliefs as those of the door. The Drainer part, at the bottom, is made up on its three visible faces and in its angles, of Blackened Wood Spindles. These elements harmonize with the small Ball feet at the front. The back legs are straight and unpainted.
