Description

The flap, whose internal face is sheathed in leather, discovers a layout with a small alcove, 5 drawers plus two secrets. On either side of the flap: three drawers in the lower part and one drawer in the upper part, all topped with a gray Sainte Anne marble top. This pretty piece of furniture is a manufacture of the middle of the 20th century made from old elements. It comes from the workshops "Les Successeurs de Ph.Drevon" in Annemasse in Haute-Savoie. This company, now defunct, was recognized by the decorators of the time for the quality of its creations with beautiful patinas, in particular for their "period" and "authentic" aspect.
