Description

Lamp composed of a removable Shade of White color and Conical shape. The latter is embellished on its upper and lower ends with a double Red and Gold edging.* Its foot with a narrowed neck and a more swollen body is in Glass. It is tinted on the inside with a Pretty Cerulean Blue, whose shades will be appreciated, formed in particular by the presence of Soft and Abstract lines, horizontal and vertical. This Luminaire successfully combines a Classic Shade with a more Singular base. We will also remember the Harmony of the whole, due among other things to the proportions respected between each of the two elements of this Lamp. ***** Period: 1940 / 1960 Perfect condition.
