Description

Hello, I offer you this magnificent work by John Russell Chancellor, artist born in 1925 and deceased in 1984. It is a very beautiful oil on canvas representing a navy, boats, sailboats on the edge of a coast in the middle of a storm. There is a very good representation of the storm, the clouds, the characters, it is magnificent. I draw your attention to this painting, or rather to this artist, because it is very rare to find them on the market, there are none for sale in merchants, most of the time we find them in auction, and the prices soar, it goes from 5000 euros for the small and less pretty models, up to 53000 euros for the big and pretty ones like this one, and many bottom in the 25/40000 euros. You can see the results on Artprice. Its authentication was made by Christies. The signature is at the bottom right.
