Description

Quick description

Old sculpture on wood, cherub or Putto with large dimensions.

Work from the end of the 18th century of beautiful craftsmanship made in oak.

At the sight of the wooden rivets, it would seem that this piece comes from an even larger set.

Surprising reinforcement on the back formerly made with the lid of an American metal cigarette box.

Good state of conservation, vestige of paint on the bottom, slightly soiled and protected by a veil of wax.

Dimensions

112cm wide, 35cm high and 17cm deep.
