## Corker, Rack Corker Thuillier-lefrant No. 30. XIXth Corkscrew

360 EUR

Signature : THUILLIER-LEFRANT

Period : 19th century

Condition : Très bon état

Material : Bronze

### Description

Corker, rack corkscrew Thuillier-Lefrant No. 30

A rare example in superb condition.

Engraved on the top of the cage the brand of the manufacturer (T and L entwined) and "Patented SGDG".

In a cage with two uprights, strongly bolted, the pusher is moved by a rack activated by the wooden handle. The cork placed in the round pyramidal chute is forced by the pusher towards the neck of the bottle.

All moving parts operate effortlessly: drive pinion and rack teeth are not scored or worn. No traces of xylophagous insects on the wooden handle.

Marks of use on the nickel plating.

Cultural heritage Champagne-Ardenne,
