Description

Small empty pocket with enamel decoration of a woman's profile. This one is dressed in the fashion of the Renaissance, which is a trend that came back very strongly in the second half of the 19th century, as did the taste for the art of enamel. In the lower right corner, the monogram "A" is present. A frieze of grotesques and foliage runs all around. Stunning bright colors. Object with its patina of time and some light chips.
