

Old Synthetic Ruby And Gold Ring

840 EUR

Period : 20th century

Condition : Bon état

Material : Gold

Description

Old ring composed of a barrel-shaped synthetic ruby set closed and decorated on both sides with openwork and finely chiseled arabesques. Period: 20th century Main material: 750 thousandths yellow gold, 18 carats, eagle's head hallmark. Proportions: Height: approximately 7.3 mm, width: 9.3 mm, thickness: 3.6 mm, width of the ring at the base: approximately 1.5 mm. Net weight: about 1.7g. Authentic old jewel - French work from the 1930s. Small wear to the setting. Our opinion: Synthetic rubies and sapphires date from the beginning of the 20th century. With the democratization of jewelry, many rings of this era were set with synthetic stones. Sizing possible, contact us.
