Description

This engagement ring is a unique piece that embodies the timeless elegance of retro style. It is designed with an 18 karat yellow gold setting that brings a warm touch to the ensemble. The ring's basket is made of 18 carat white gold, a design choice that creates a beautiful contrast with the yellow gold setting and gives prominence to the diamond. In the centre of the ring is a 0.15 carat diamond, which is set off by eight claws in 18 carat white gold. The eight claws hold the diamond securely in place while leaving enough space for the stone to shine. The ring is marked with an eagle head hallmark, which guarantees the quality of the gold used in the manufacture of this unique piece.
