White Gold Engagement Ring With 0.51 Ct Diamond

2 995 EUR

Period : 20th century

Condition : Très bon état

Material : Gold

Description

GREAT OPPORTUNITY: PRICE REDUCED
This 18k white gold solitaire ring was created by a Parisian jeweler specializing in diamond settings in the 1990s. The 0.51 ct modern-cut diamond - G color - is set in the center of a square setting, the corners of which are highlighted by a 0.01 ct diamond in a bezel setting. This ring, with its subtly original and very refined design, would make a perfect engagement ring. Ring size: 52 (adjustable). Total weight: 5.10 g
